EDUCATION

Sardar Patel Institute of Technology, Mumbai

08-2022 – 07-2026

B.Tech in Electronics and Telecommunication Engineering

Mumbai, India

- **Relevant Courses:** Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C/C++, SQL, OOPs

Backend Technologies: REST APIs, Microservices Architecture, Spring Boot, Express.js, Node.js

Databases: MongoDB, MySQL, SQL Server, Database Design & Optimization, Data Management

Cloud & DevOps: AWS, Docker, Git, Application Deployment, Scalable System Design

Frontend Technologies: HTML5, CSS3, JavaScript, React.js

KEY PROJECTS

LocSync – Real-Time Geospatial Tracking Platform | *Node.js, MongoDB, REST APIs* | [GitHub](#) | [Live](#) 12-2024

- Architected **high-performance backend** using **Node.js** and **Express.js** for real-time location tracking of 20+ devices
- Implemented **MongoDB** with geospatial indexing to achieve sub-100ms query performance for proximity-based searches
- Developed **REST APIs** with efficient routing algorithms to handle high-volume, low-latency location data processing
- Deployed scalable application on cloud platform with **Docker** containerization for optimal resource utilization

FireChat – Real-Time Event-Based Messaging System | *Node.js, Socket.IO, Flutter, Firebase* | [GitHub](#) 08-2024

- Engineered **real-time architecture** using **Socket.IO** and WebSocket protocols for 100+ concurrent users
- Implemented **microservices authentication** with Firebase and JWT token management for secure user sessions
- Optimized **bidirectional data streaming** achieving 99.9% message delivery rate with minimal latency
- Designed **scalable backend** infrastructure to handle high-availability requirements and production workloads

SkillSakhi – AI-Powered Upskilling Platform | *Node.js, REST APIs, React.js, MongoDB* | [GitHub](#) 05-2025

- Engineered **full-stack application** using **Node.js** and **Express.js** with **20+ APIs** for backend functionality
- Integrated **YouTube Data API v3** and **Gemini AI** to automate course generation, reducing manual creation by 80%
- Designed **real-time Socket.IO** enabling instant messaging and **VR classroom** collaboration with sub-200ms latency

LEADERSHIP EXPERIENCE

Training and Placement Coordinator | *Sardar Patel Institute of Technology*

08-2024 – Present

- **Streamlined recruitment data workflows**, managing processes for **200+** students across technical roles
- Coordinated **technical seminars** and conducted system optimization for improved operational efficiency

Team Lead | *AICTE IDEALab National Conference*

01-2025

- Led cross-functional development team representing SPIT among **Top 50 colleges** selected nationwide
- Managed **project architecture**, coordinated development timelines, and delivered scalable technical solution

KEY ACHIEVEMENTS

Semi-finalist | *L&T Technology Services Techgrium 8.0 (2025)*

- Secured **Top 50 position** out of **1000+ teams** developing scalable technology solutions for enterprise applications

Airavat 2.0 Hackathon Finalist | *Top 12 Teams*

- Developed **backend microservices** using **Node.js** and modern web technologies for AI-powered platform

Selected Team | *AICTE IDEALab National Conference 2025*

- Represented SPIT among **50+ engineering colleges** for innovative backend system development and architecture

CERTIFICATIONS

Master Data Analysis Certificate: Python, **SQL Server**, Database Optimization, **AWS** Cloud Services

Tata Data Visualization Simulation (Forage): PowerBI, Excel, Business Intelligence
