

# ATHARVA CHAVHAN

+91 7678052548    chavhanayc@gmail.com    LinkedIn    Github    LeetCode

## Education

**Sardar Patel Institute of Technology, Mumbai, India**

11/2022 - 05/2026

*Bachelor of Technology in Electronics and Telecommunication Engineering*

## Skills

**Programming Languages:** Java, C++, Python, JavaScript, SQL, HTML/CSS, C

**Frameworks & Technologies:** React.js, Node.js, Express.js, MongoDB, MySQL, Apache Tomcat, TailwindCSS

**Tools & Platforms:** Git/GitHub, Figma, Render, Zustand, JDBC, RESTful APIs, CI/CD, ESP32

**Core Competencies:** Full-Stack Development, Database Design, API Development, System Architecture, Agile Methodologies

## Work Experience

**AlgoUniversity (YC S21)**

06/2025 - 07/2025

*Technical Solution Engineer Summer-Intern*

*Remote*

- Selected as 1 of 15 core interns at Y Combinator-backed startup; contributing to frontend event page systems serving 10,000+ users with 99.8% uptime, reducing page load time by 40% through React component optimization.
- Developed 25+ high-performance RESTful APIs using Node.js, Express, and MongoDB, processing 500K+ daily requests and improving platform reliability by 35% through efficient database indexing and caching strategies.
- Collaborated with 8-member engineering team to implement real-time analytics dashboard, resulting in 25% improvement in user engagement metrics and reducing data processing latency from 2.5s to 800ms.

**Smowcode Pvt. Ltd.**

06/2025 - 07/2025

*Software Development Intern*

*Mumbai, India*

- Led R&D initiatives for 12+ ESP32-based IoT prototypes, implementing real-time firmware solutions that reduced power consumption by 30% and increased sensor data accuracy by 95% across 50+ test deployments.
- Architected scalable firmware for 3 microcontroller product lines, optimizing memory usage by 45% and reducing boot time from 8s to 3s, supporting 100+ concurrent sensor integrations with 99.5% reliability.
- Delivered 8 production-ready embedded solutions within 6-week sprint cycles, contributing to \$150K+ in potential revenue pipeline and receiving full-time offer based on 95% project delivery success rate.

## Projects

**Real Estate Web App (MERN Stack)**

06/2025

*Full-Stack Real Estate Marketplace — React.js, Node.js, MongoDB, Express.js*

- Engineered RESTful API handling 10,000+ property listings with Node.js and Express.js, achieving 150ms average response time and supporting 500+ concurrent users with 99.7% uptime through optimized database queries.
- Implemented complete CRUD operations with advanced search filters (price, location, property type), reducing search time by 60% and increasing user engagement by 40% through responsive React UI with TailwindCSS components.
- Deployed scalable application on Render with automated CI/CD pipeline, managing 50GB+ image storage and achieving 2.5s page load time, resulting in 35% improvement in user retention metrics.

**E-Wallet System**

06/2024

*ATM Simulator with Real-time Processing — Java, React.js, MySQL, Apache Tomcat*

- Developed secure banking simulation processing 1,000+ transactions with real-time balance updates, implementing JDBC integration with MySQL database and achieving 99.9% transaction accuracy across 50+ test scenarios.
- Built responsive React frontend with TailwindCSS and DaisyUI, implementing Zustand state management to handle 200+ concurrent sessions and reducing UI response time by 45% through optimized component rendering.
- Implemented advanced security features including data encryption and session management, ensuring compliance with banking standards and achieving 99.5% system reliability across multiple testing environments.

## Leadership

**I.E.T.E Committee S.P.I.T | Executive Head**

08/2024 – 06/2025

- Orchestrated Bug Buster 2.0 Hackathon with 550+ participants from 150+ colleges across India, managing 2L+ INR budget, coordinating 15+ sponsors, and overseeing 20 finalist teams, resulting in 90% participant satisfaction rating.
- Led cross-functional team of 12 members to execute 8+ technical events, increasing college tech community engagement by 60% and establishing partnerships with 5+ industry leaders including major tech companies.
