Work Experience

Research Intern <i>S.P. Jain Institute of Management and Research</i>	January 2025 – Present
---	-------------------------------

- Conducted **quantitative and qualitative research** on **300+ gig workers** in Mumbai, analyzing labor conditions, financial stability, and governance structures.
- Performed **statistical analysis** using **Cronbach's alpha, correlation coefficients, and regression modeling** to extract actionable insights.
- Utilized **Qualtrics, MS Excel (Pivot Tables, Macros), and Python** to conduct in-depth data processing, contributing to an upcoming **newspaper publication**.

Business Manager Intern <i>Scrapitt</i>	August 2023 – November 2023
---	------------------------------------

- Led a **35-member team**, managing cross-functional collaboration to implement **market penetration strategies**.
- Increased **app engagement by 20%** through **on-campus PR campaigns, digital marketing, and social media outreach**.
- Developed and executed **growth strategies** to address **low conversion rates and team efficiency**, resulting in a **15% reduction in operational issues**.

Business Development Intern <i>Peershala</i>	February 2023 – April 2023
--	-----------------------------------

- Partnered with **10+ educational institutions**, increasing the user base by **15%** through **targeted outreach and relationship-building**.
- Conducted **5+ product demos and webinars**, improving adoption rates by **10%**.
- Analyzed **market trends, competitive landscape, and user engagement** to develop **data-driven sales strategies**.

Certifications

- **Corporate Finance Institute (CFI)** – Corporate Finance Fundamentals
- **Ernst and Young (EY)** – PL-300 Microsoft Power BI Data Analyst
- **Udemy** – Financial Modeling, Valuation, and Bond Markets
- **Goethe Institute** – Deutsche A1 (German Language)

Projects

Discounted Cash Flow (DCF) Analysis – Colgate-Palmolive

- Developed detailed **DCF valuation models** (2021, 2023) using **WACC (4.44% - 5.33%)**, forecasting financial performance.
- Conducted **5-year financial projections**, leveraging **intrinsic valuation techniques and fundamental analysis**.

Julius Baer – One Page Financial Report

- Analyzed **key financial metrics** (revenue, operating income, EPS, return on equity) from **2018–2023**.
- Evaluated the impact of **macroeconomic trends, regulatory challenges, and investment risks** on bank performance.
- Assessed the **Signa Real Estate scandal's** effect on profitability, resulting in a **52% profit decline** and a **15% drop in share price**.
- Built **financial forecasting models**, providing **data-driven investment recommendations**.

Land Case Study

- Developed a **financial model** comparing **leasing property vs. investing in a McDonald's franchise**.
- Calculated an **IRR of 19.86%** for franchising and **19.16%** for leasing using **NPV, FCFE/FCFF, and capital budgeting techniques**.

Data Analytics and Visualization

- **Power BI, Tableau**: Built interactive dashboards analyzing **Netflix titles, mobile stock levels, superstore sales trends, and Coca-Cola product performance**.
- **SQL**: Executed **complex queries, joins, and indexing strategies**, optimizing **data retrieval and reporting workflows**.
