EDUCATION

2022-26	BTech in EXTC - Sardar Patel Institute of Technology	GPA: 7.15/10(upto sem5)
2021-22	Class 12th, HSC - Lokmanya Junior College	77.0%
2019-20	Class 10th, CBSE - Muljibhai Mehta International School	90.4%

WORK EXPERIENCE

SP Jain Institute of Management & Research (SPJIMR) - Research Intern Jan 2024-Apr 2025

- Developed a comprehensive **risk assessment framework** to uncover financial **warning signals** in listed firms by analysing corporate disclosures, financial statements and market positioning facilitating data driven decision making.
- Constructed the framework using a mixed-method approach, integrating **qualitative insights, quantitative data and ML models** (BERT, LSTM, Random Forest).
- Research submitted to a Scopus Q2 journal, contributing to forensic finance & risk analytics literature

PROJECTS

Financial Insights from S&P 500 Companies

- Analyzed sector-wise financial and operational data to extract performance trends and benchmark key metrics across S&P 500 companies.
- Developed an interactive **Tableau dashboard** for visualization of market capitalization trends, sector benchmarks, and financial KPIs, supporting risk monitoring and data-driven decision making.

Altman's Z-Score Analysis of Tata Steel

- Assessed Tata Steel's financial health using the Altman Z-Score model, and key red flags in liquidity and earnings quality.
- Computed and visualized core ratios to support **bankruptcy risk profiling** and early warning signals for credit evaluation.

Value at Risk (VaR) Analysis of Tata Elxsi

- Estimated VaR for Tata Elxsi using both the **Historical Simulation** and **Monte Carlo Simulation** methods, incorporating return distributions to assess downside exposure at 95%, 99%, and 99.5% confidence levels, supporting **portfolio risk control**.

CERTIFICATIONS

NISM-Series-XV: Research Analyst

Introduction to financial risk management and Financial Risk Analytics
