INTERNSHIPS

Strategy and Finance Research Intern, SPJIMR

April 2024- Present

- Worked under Prof. Arunima Haldar, contributing to her research through financial analysis of balance sheets and annual reports to prepare key event timelines for companies.
- Independently led two research projects — a qualitative study on India's OTT sector, and a quantitative study on box office success using regression analysis;

Project Trainee, HDFC Emerging Corporates Group

June–July 2024

- Trained under the Vice President to understand group operations in coordination with other departments during the loan sanctioning process.
- Studied financial and trade requirements for loan eligibility and conducted document-based evaluations.
- Authored detailed reports on trade finance and the technical and economic viability of companies.

PUBLICATIONS

Determinants of Box Office Success in India

July 15, 2025

Accepted at 12th AIM-AMA Sheth Foundation Doctoral Consortium and International Marketing Conference 2025.

Used linear regression on 3 years of data to examine genre, gender, holiday variables, and opening weekend revenue. Star and director influence quantified over 25 years. I identified three variables at the 1% level, establishing strong statistical validity of the model.

Strategic Orientations of Major OTT Platforms in India

Dec 5–7, 2024

Published at Strategic Management Forum (SMF), IIM Mumbai.

Multi-case qualitative study on Netflix, Amazon Prime Video, and Disney+ Hotstar exploring their strategic positioning in India's dynamic digital entertainment market.
