

VARDHAN JOSHI

+91 7888024309 vardhan.joshi22@spit.ac.in LinkedIn

Education

Sardar Patel Institute of Technology

Bachelor of Technology in Electronics and Telecommunication Engineering

Dec. 2022 – May 2026

Mumbai, India

Experience

SIEMENS Nashik Works

Engineer/Product Development Intern

Jul. 2024 – Aug. 2024

Nashik, India

- Performed testing on **auxiliary converters for Vande Bharat Trains**, increasing system reliability by **15%**.
- Automated converter test procedures, reducing manual testing time by **30%** through custom Python scripts.
- Collaborated with a **cross-functional team of 6 engineers** to streamline project execution and validate performance metrics.

Projects

Adventure Works Sales Dashboard | SQL-Driven Business Intelligence Project

Nov. 2024

- Spearheaded the creation of **interactive Power BI reports** visualizing sales performance across **50+ product lines and four key regions**, enabling data-driven strategies to improve ROI by **15%**.
- Executed **star and snowflake schema SQL queries** on datasets (e.g., Internet Sales, Reseller Sales), reducing data extraction time by **25%**.
- Designed custom **DAX metrics, filters, and drill-through reports** to aid decision-making for **C-level stakeholders**.

Portfolio Optimization | AI-Powered Financial Analysis Platform

Jan. 2025

- Built a financial modeling tool using **historical stock data** and **Efficient Frontier theory** for optimal asset allocation.
- Ran **10,000+ Monte Carlo simulations** to evaluate risk-return trade-offs and identify portfolios with the **maximum Sharpe Ratio**.
- Leveraged **pandas, NumPy, matplotlib** for data preprocessing, statistical modeling, and visualization.

Instagram Database Clone | MySQL

Feb. 2024

- Engineered a **fully normalized relational database** replicating Instagram's key functionalities.
- Wrote **10+ complex SQL queries** to support real-time feeds, explore suggestions, and interaction logs.
- Boosted query efficiency by **40%** through indexing and optimized joins.

Technical Skills

Languages: Python, SQL

Technical Tools: Power BI, Excel, Tableau, Jupyter Notebook, GitHub, VS Code

Database Systems: MySQL, MSSQL, Azure SQL

Soft Skills: Analytical Thinking, Problem Solving, Team Leadership, Communication

Data Analysis ML Models: Pandas, Matplotlib, NumPy, Seaborn, Regression Analysis, Decision Trees, Random Forests

Achievements/Extracurricular

- Winner (1st Place)**, *Software Domain – Prkalp 3.0, FRCRCE, Mumbai* – Developed AI-based public service assistant with voice, ISL, and multilingual support.
- Top 10 Finalist**, *Kaleidoscope HR Case Study* – Proposed HR and workforce solutions.
- Inventor – 7 Patents Filed:**
 - *Train Departure Time Indicator Cum Warning System*
 - *A System for Deterring Pigeons*

Position of Responsibility

I.E.E.E Committee S.P.I.T

July 2024 – Present

Vice Finance Head

Mumbai, India

- Managed an annual fund of **INR 3.5+ Lakhs**, ensuring accurate budgeting and transparent financial reporting.
- Secured **5+ corporate sponsorships**, increasing event funding by **40%** through effective outreach and negotiation.

Certifications

- JPMorgan Chase Co.** – Quantitative Research Job Simulation (Forage)
- Python for Data Science and Machine Learning Bootcamp**
- Corporate Finance Fundamentals**
- CFI Certificate** – Fundamentals of Data Analysis in Excel
