ganesh.kakade22@gmail.com [LinkedIn](#)

Education

Sardar Patel Institute of Technology

B.Tech in Electronics & Telecommunication Engineering

Nov 2022 – May 2026

Mumbai, Maharashtra

Experience

RattanIndia Powerplant

Summer Intern

June 2024 – Aug 2024

Amravati, Maharashtra

- Optimized instrumentation diagnostics using automated data-logging scripts, reducing anomaly detection time.
- Streamlined sensor calibration workflows with engineers, improving data accuracy by 20%.
- Compiled analytical reports on all key departments of the company, highlighting a 5-year performance trend and quantifying areas of improvement.

Positions of Responsibility

Finance & Economics Club (FEC)

Board of Directors Member

Aug 2024 – Present

S.P.I.T.

- Co-founded the club to enhance financial literacy across campus, leading a team of 53 members to produce equity research.
- Led a team of 8 members to design sector-specific research initiatives in renewable energy.

Oculus Tech Fest

Operations Head

Aug 2023 – May 2024

S.P.I.T.

- Directed logistics and operations for a 3-day tech festival attended by 5,000+ participants, achieving zero safety incidents.
- Implemented real-time crowd management protocols(100+ volunteers) to enhance attendee experience and ensure safety compliance.

IETE Committee

Finance Head

Aug 2023 – May 2024

S.P.I.T.

- Secured 10 new brand partnership, managed the annual budget, tracked expenses, and conducted cost-benefit analyses to support event planning.
- Organized a 100-person trek, overseeing budgeting and reconciliation to ensure a cost-effective event.

Projects

Equity Research: DCF Valuation Model for Infosys Ltd

May 2024

- Built a DCF model using Excel and historical data to project unlevered free cash flows and estimate intrinsic value.
- Calculated WACC using industry benchmarks to determine investment attractiveness.

IoT-Based Real-Time Power Monitoring System (Meter Specs)

Jan 2024 – May 2024

- Engineered a voltage/current sensing system using ESP32 microcontroller, displayed on OLED.
- Enabled wireless transmission using ESP-NOW protocol, between ESP32 enhancing safety and reducing manual logging.

Skills & Certifications

- **Investment Banking Fundamentals:** Financial modeling, M&A analysis, IPOs
- **Accounting Fundamentals:** P&L statement preparation, balance sheet analysis, cash flow statement review
- **Corporate Finance Fundamentals:** Advanced financial modeling, financial ratio analysis
- **Technical Skills:** Excel, SQL, MS PowerPoint, financial modeling, Canva
- **Professional Skills:** Leadership, communication, team collaboration

Achievements

- **1st Prize – Merge Mania (E-Summit SPIT):** Created M&A valuation model for Borosil-Asian Paints, competing against 100+ teams.
- **2nd Prize – Bug Buster (SPIT):** Developed strategic roadmap with financial analysis, outperforming 100+ teams.
- **3rd Prize – Creative Ideas and Innovations (EXTC Dept):** Showcased meter specs monitoring system, selected from 150+ projects.
- **National Finalist – Break the Case (BITS Pilani):** Created a disaster relief and management plan, selected from 1000+ teams.
