## EDUCATION

### Sardar Patel Institute of Technology

Bachelor of Technology in Electronics and Telecommunication

Andheri, Mumbai

2022 – 2026

## EXPERIENCE

### Net Positive Impact Index, SPJIMR

Intern

05/2025 - 07/2025

Dr. Arunima Haldar

- Conducted **ESG screening** of **400+** Indian companies using **Capital IQ** and analyzed **ESG pillar-level scores** across **G7 nations** via **Bloomberg (Market cap > \$2B)** to derive cross-country benchmarking.
- Evaluated **ESG scoring methodologies** across **Bloomberg, LSEG, Capital IQ, and CIEC**; analyzed **NSE index construction** and **ETF fact sheets** to understand foundational elements relevant to Indian equities.

### Strivepoint Capital

Investment Research Intern

11/2024 – 05/2025

- Sole intern at **US-based hedge fund**; proposed investment ideas across **8 Investment Committee meetings**, with **2 positions taken** resulting in **40% return** on **Prestige Estates (~30% NAV mispricing)** and **19% upside** in a high-growth **EV infrastructure provider**.
- Led sector deep-dives in **Power Ancillaries** and **Real Estate**; executed bottoms-up screening using **ROA, ROCE, EV/EBITDA** and conducted original valuation work through **DCF modeling**, sell-side consensus analysis, and management meetings.

## PROJECTS

### AlphaSage — Flask, MongoDB, ChromaDB, AutoGen, Mistral OCR, LM Studio

05/2025

- Architected **multi-agent AI platform** automating equity research for Indian financial markets using **Groq API** and **yfinance integration**, eliminating **70%** of manual analysis workflows and saving **40+ hours weekly**.
- Designed unified **JSON schema parsing system** for textual, tabular, and visual data extraction from investor filings, achieving **90% accuracy** across **200+ document samples** and processing **50+ filings daily**.
- Demonstrated findings to industry panel at **JPMC Tech Week 2025** among **Top 4 projects across Mumbai region**, communicating complex financial analytics insights to **15+ technical and non-technical stakeholders**.

### Marketing Data Analytics and Customer Sentiment Analysis

10/2024

- Implemented **Python sentiment analysis**, improving feedback accuracy by **25%** and built a **Power BI dashboard** to track KPIs, boosting feedback scores by **15%** through content insights.
- Optimized data consistency by **30%** and reduced duplicates by **40%** using **SQL**, enhancing overall data quality and analytical reliability.

### Walmart Sales Data Analysis Using SQL and Python

09/2024

- Processed 10,000-row dataset using Python/Pandas for enhanced data quality.
- Solved 9 business problems with SQL queries, uncovering sales trends and insights.
- Identified top 5 branches with declining revenue to support decision-making.

## LEADERSHIP

### Founder & President, Finance and Economics Club, SPIT

09/2024 – 06/2025

- Provided investment insights on **Lenskart** and **Zepto** to **JM Financials**; delivered analysis on **DRHPs** at **Kennis** and conducted research at **Evoke Partners**.
- Led a **53-member team** creating equity reports for **family offices** and **hedge funds** in **hotel** and **recycling** sectors.
