8468845787 ◇ Sardar Patel Institute Of Technology

prasannapandharikar19@gmail.com ◇ [LinkedIn](#)

EDUCATION

Bachelor of Technology in Electronics and Telecommunication

Sardar Patel Institute of Technology

Expected 2026

Current CGPA: 8.33/10

Minor in Computer Engineering

Sardar Patel Institute of Technology

Expected 2025

TECHNICAL SKILLS

Programming Languages

C, C++, Java

Developer Tools

Git, Visual Studio Code, Figma

Databases

MongoDB, MySQL

Tech Stack

HTML, CSS, Express, React, Node.js, Next.js

PROJECTS

ObservoAI - AI-Based API Observability Platform

[GitHub](#)

- Developed comprehensive API monitoring solution with real-time alerting and incident management capabilities
- Implemented centralized logging and metrics collection using **Loki, Grafana, Tempo, and Prometheus** stack
- Built and trained **ML models** for predictive analysis and anomaly detection in API traffic patterns with automated email and call alerts
- Integrated **OpenTelemetry** SDKs for seamless distributed tracing and created custom **Grafana** dashboards

MyBuddy - Mentor-Student Connection Platform

[GitHub](#)

- Built full-stack web application connecting NEET/JEE/CET aspirants with college mentors for personalized guidance
- Developed intelligent **mentor-matching algorithm** based on subject expertise and student requirements
- Implemented secure video conferencing with audio recording and automated **quality assurance analysis**
- Integrated **real-time** chat system and collaborative document editor for enhanced learning experience

EspeonX - Decentralized Esports Platform

[GitHub](#)

- Built decentralized esports platform using Next.js and blockchain to enable asset ownership and fair rewards
- Developed cross-game NFT marketplace with **Web3** wallet (MetaMask) integration and asset trading
- Created reward dashboard showcasing skill-based earnings, achievements, and linked streaming accounts
- Integrated **smart contracts** via **Ethers.js** for asset transfers, anti-cheat tests, and governance

ACHIEVEMENTS

Barclays Hack-o-Hire

Winner, 2025

CSI-SPIT Odyssey

Best Solution for Given Problem Statement, 2025

EXTRA-CURRICULAR ACTIVITIES

Technical Head, WIE IEEE, S.P.I.T

Oct 2024 - Present

Organizing coding workshops, mentoring students, and leading tech initiatives

Head of Creatives, OCULUS, S.P.I.T

Aug 2023 - Mar 2024

Managed branding, designed promotional content, and increased event engagement
