

Shawez Zahid Shaikh

[LinkedIn](#) [Github](#) Email-shawez.shaikh22@spit.ac.in

A Final-year Electronics and Telecommunications engineering student with a deep interest in advancing research in signal processing and modern communication systems. Actively involved in academic projects and extracurricular initiatives, demonstrating collaboration skills. Experienced in launching digital platforms and managing editorial releases, with a keen desire to contribute to the evolving field of telecommunications through research and innovation. Like to be at junction where art and tech meet and where my work matter to the overall developemnt of the society

Education

Bachelor in Technology

2022 - Present

Sardar Patel Institute of Technology, Mumbai
Department of Electronics and Electrical Engineering

Minor in Computer Science

2024 - Present

Sardar Patel Institute of Technology, Mumbai
Department of Computer Engineering

Projects

Minor Project: Noise Cancellation

2024

Objective: To study, understand, and implement current measures for Active Noise Cancellation and realize signal processing techniques for noise reduction.

- Utilized Python libraries: Librosa, SciPy, SoundFile, Wave, Matplotlib, and NumPy.
- Conducted market research for industry insights and literature review for academic perspectives.
- **Outcome:** Successfully showcased in a competition, recognized for technical accuracy.

Major Project: Long Range communication on Arm Controller

2025-present

Objective: To implement Long Range protocol to build a better consumer product.

Frontend heavy: Moodle Revamp

2025-present

Objective: TO tackle Design Issues and integrating the existing website with web2 principle.

Tools and Technology

Markup Languages	HTML, CSS, LaTeX
Scripting	Bash, Python
Data Structures and Algorithms	Python
Structural Programming	C

Club Activities

SPark

Senior Correspondent

2023-2024

FETS

Member of club

2023-2024

Certifications

- Completed certified course in Business Analytics using Text Mining (NPTEL). Improved proficiency in NumPy, Pandas, Matplotlib, and NLTK.
- Completed certified course in Economic Growth and Development (NPTEL).
- Completed certified course in Advanced Cognitive Science (NPTEL).
