Summary

Motivated B.Tech student with a strong foundation in software engineering, data operations, and embedded systems. Skilled in C++, Python, React, REST APIs, and building scalable apps and real-time analytics dashboards to deliver scalable tech solutions through agile development, cross-functional collaboration, and data-backed decision-making.

Education

- **Sardar Patel Institute Of Technology, Mumbai** **Dec 2022 – Present**
Bachelor of Technology in Electronics & Telecommunication Engineering **Expected: July 2026**
Relevant Coursework: Software Systems, Object-Oriented Programming, Data Analysis with Python, Excel for Data Analysis (MOOC), Introduction to Financial Markets, Microcontrollers, Communication Systems
- **Sardar Vallabhbhai Patel Jr. College, Mumbai** **May 2020 – May 2022**
XIIth Standard (Computer Science – Bifocal) **Grade: 88.5%**

Technical Skills

- **Languages & Programming:** C++, Python (pandas, NumPy, matplotlib), JavaScript, SQL
- **Web Development & APIs:** HTML, CSS, React.js, Node.js, Express, Flask, REST APIs
- **Data & Tools:** Excel (Pivot Tables, VLOOKUP), Power BI, Tableau, Google Sheets, PowerPoint, Canva
- **CS Fundamentals:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, DBMS Concepts, Computer Networks
- **DevOps & Workflow:** Git, GitHub, Basic CI/CD, Shell Scripting, Version Control, Agile Collaboration
- **Embedded Systems & Simulation:** Arduino, 8051, PIC18F, MATLAB, Keil, MPLAB X IDE

Projects

- **CareerCraft-Ai – Career Automation Platform** [Live Demo | GitHub] **Jan – June 2025**
Tools: React.js, Node.js, MongoDB, Express, JWT, Chart.js
– Deployed a full-stack MERN web app enabling 100+ users to auto-generate resumes, cover letters, and simulate interviews with JWT-based login.
– Integrated 3+ external APIs to deliver domain-specific job insights and real-time API-driven analytics for job personalization, increasing resume relevance and efficiency by 40%.
- **Blinkit Sales Analytics Dashboard** [GitHub] **May 2025 – June 2025**
Tools: SQL, Power BI, Excel, Python (NumPy, matplotlib, pandas)
– Engineered a data pipeline and dashboard to analyze 10,000+ grocery records using SQL and Power BI, solving real-world business queries like sales by region, outlet size, and fat content.
– Automated KPI tracking (avg sales, ratings, revenue share) and delivered high-impact, real-time insights through agile dashboards, enabling data-backed retail decisions with 60% improved efficiency.
- **Fall Risk Assessment using Gait Analysis (Major Project)** **Jan – June 2025**
Tools: ESP32, Python, Flask, React, LSTM, FSR Sensors, Matplotlib
– Designed an IoT wearable to capture plantar pressure and predict fall risk with 85% LSTM model accuracy.
– Created a Flask + React dashboard with live foot heatmaps, gait analytics, and clinical alerting.

Achievements and Certifications

- **National Finalist, NES 2025 Case Study Competition – NIT Rourkela E-Summit** **Feb 2025**
– Selected among top 12 teams nationally for presenting a tech-driven business strategy to a live jury.
- **Solved 300+ DSA problems across LeetCode, GFG, HackerRank, and others.** **May 2025**
– Earning 5+ skill badges and enhancing my ability to solve complex problems and strengthen core CS fundamentals.
- **2nd Runner-up, Lok Sabha Debate – Enactus S.P.I.T.** **Sept 2023**
– Secured podium position among 50+ participants for structured policy analysis and critical problem articulation.

Positions of Responsibility

- **Head of Operations, Oculus, S.P.I.T.** **Aug 2023 – Mar 2024**
– Managed logistics for a week-long cultural fest with 1,500+ attendees, streamlining 10+ events across 3 days.
– Coordinated with 20+ event heads and volunteers to ensure smooth pre-event, on-ground, and post-event execution.
– Built leadership, crisis handling, and real-time decision-making skills across multi-venue event operations.
- **Head of Events, Cube-O-nama, S.P.I.T.** **Oct 2023 – Mar 2024**
– Organized a 1-day Rubik's Cube tournament with 500+ participants; managed logistics, volunteers, and judges.
– Handled sponsor outreach, marketing, and ensured clear guidance for all participants.
