OCULUS Techno Cultural Festival, SPIT

Director

Nov 2022 – Present

Mumbai

- Led a 100+ member design and digital-marketing team, delivering six festival editions that attracted 3,000+ participants.
- Negotiated and booked the festival's headline artist entirely through targeted social-media outreach, coordinating with artist management and internal stakeholders.
- Developed marketing decks and handled PR for all major events via social media, ensuring cohesive messaging and timely audience engagement; drove event awareness and increased organic reach significantly.

PROJECTS

End-to-End BI Dashboard — SQL Server, MySQL, Power BI

Business-Intelligence Analytics

May 2025 – Jun. 2025

- Created a two-page Power BI dashboard using SQL Server and MySQL with end-to-end ETL and reporting.
- Cleaned and joined data in SQL Server test environment before migrating to production for analysis.
- Designed DAX-based KPIs and automated data source transitions via Power Query for smooth reporting.

Land-Use Classification – Ratnagiri

Remote-Sensing Analytics

Apr 2025 – May 2025

- Processed Sentinel-2 (10 bands) in Google Earth Engine; curated **1.5K** labelled points across 5 classes.
- Benchmarked 6 models; Gradient Boosting delivered **90.2%** test accuracy with class-wise performance insights.
- Compiled a concise technical report showcasing land diversity and classification workflow.
