EDUCATION

- Sardar Patel Institute Of Technology** Mumbai, India
Bachelor of Technology - Electronics and Telecommunication(2022-2026) CGPA: 8.1 (semester 5)
- SPJIMR** Mumbai, India
Minors in Management(2023-2025)
- Vidyaniketan Jr. College** Mumbai, India
12th: 72.5% HSC

SKILLS SUMMARY

- Programming Languages:** Java, Python, HTML
- Frameworks and Libraries:** Spring Boot, REST API
- Backend and Database:** SQL
- Tools and Platform:** Git/Github, Postman
- Soft Skills:** Teamwork, Critical thinking, Decision-making, Time Management, Problem-solving
- Additional:** Solved more than 200 problems of DSA on LeetCode and have a 1-star badge on CodeChef.

PROJECTS

- Stone Paper Scissors Game:** *April 2025 - April 2025*
 - Built a console-based Rock-Paper-Scissors game in Java with clean modular design using enums and input validation.
 - Implemented game logic with random computer moves, score tracking, and best-of-N match support.
 - Enhanced user experience with clear prompts, input error handling, and flexible command options (rock/paper/scissors or r/p/s).
 - Focused on object-oriented programming principles and Java standard libraries for simplicity and efficiency.
- ShopNext:** *June 2024 - July 2024*
 - Developed an e-commerce platform using Java Spring Boot with features like product browsing, cart management, and CRUD operations.
 - Enabled image uploads for products and a checkout process; utilized H2 as an in-memory database for testing.
 - Focused on a scalable architecture with future support for a payment gateway.

COURSES AND CERTIFICATIONS

- The Complete JAVA Certification Course (Udemy)** *On-going*
- SQL Basic to Advanced Mastery Course (Udemy)** *On-going*
- Java Spring Framework 6 with Spring Boot 3 (Udemy)** *On-going*

EXPERIENCE AND LEADERSHIP

- Head Of Events IETE,SPIT**

Served as the Head of Events for the IETE Committee, where I led the planning and execution of various activities. I successfully hosted two major events: BugBuster, a hardware hackathon that brought together tech enthusiasts for innovative challenges, and organized a trek, fostering teamwork and adventure among participants.
- Technical Head IEEE,CS**

As the Technical Head of the IEEE Computer Society, I am responsible for planning and executing key events. This includes organizing a seminar on Cyber Security with expert speakers, hosting a 1-day AI hackathon, and overseeing a competitive programming contest, which has already been arranged.
