Education

Sardar Patel Institute of Technology

Bachelor of Technology in Electronics and Telecommunication Engineering

Jun. 2022 – May 2026

Mumbai, Maharashtra

Experience

Go Green Technologies Pvt Ltd.

Software Development Intern

Feb. 2025 – July. 2025

Mumbai, Maharashtra

- Led 4-person intern team to migrate legacy HTML/CSS website to modern **MERN stack**, delivering 4 interactive platform sections.
- Engineered MDM Submission module processing **50+ student projects** with automated form validation, PDF verification, and real-time user feedback.
- Implemented **JWT-secured** admin dashboard featuring advanced filtering, search functionality, and **5+ Chart.js** data visualizations.
- Architected MongoDB schemas and RESTful APIs, boosting admin review efficiency by **70%**.

Projects

StudySync | *React.js, Node.js, MongoDB, Socket.IO, JWT, Tailwind CSS*

Aug. 2025

- Developed **full-stack** community platform serving **300+ active users** with **real-time messaging** and interest-based channel discovery using **MERN stack**.
- Implemented **secure user authentication** via **JWT tokens** with **HTTP-only cookies**, reducing unauthorized access by **100%**.
- Built anonymous academic support features, **direct messaging system**, and event scheduling across **50+ dynamic channels** with **Socket.IO real-time functionality**.

UniScore | *Java EE, JSP/Servlets, MySQL, Bootstrap, Jakarta Mail API*

Dec. 2024

- Engineered scalable **College ERP system** serving **500+ students** with responsive cross-platform access and dynamic result management using **Java EE** and **MySQL database**.
- Implemented **role-based access control** for students and faculty with **OTP-based authentication** and built dynamic result features with **CSV export**, **PDF generation**, and real-time Chart.js analytics.
- Deployed on **Apache Tomcat** with **JDBC integration**, optimizing performance for high-volume data processing across **7+ academic departments**.

TaskFlow Pro | *React.js, Node.js, MongoDB, Redux Toolkit, JWT Authentication*

Nov. 2024

- Built **MERN stack** task management system with **role-based access**, **JWT authentication**, and real-time collaboration features serving **200+ task actions**.
- Implemented secure session handling, **stage-wise task tracking**, sub-task management, and threaded comment discussions with **100+ notifications**.
- Built **analytics dashboards** using **Redux Toolkit + RTK Query** with optimistic updates, cache invalidation, and priority-based filtering across **50+ comment threads**.

Technical Skills

Languages: HTML, CSS, JavaScript, Java, SQL

Libraries & Frameworks: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap

Tools & Databases: MongoDB, Git, GitHub, Power BI, Apache Tomcat, VS Code

Achievements

- Ranked among **Top 50 Finalist teams** out of **1200+ entries** in CSI SPIT Hackathon 2025.
- Secured **Top 12 position** at KnowCode 2.0, a 48-hour national-level hackathon organized by S4DS at KJ Somaiya Institute of Technology out of **50 teams**.
- **2nd Runner-up** at Ecolution Case Study Competition, Goa Institute of Management out of **500 registrations**.

Leadership

IEEE Sardar Patel Institute of Technology

Secretary

Aug.2022 – Aug. 2025

- Led **60+ member committee** across operations, sponsorship, and event execution for 3 years.
- Launched institute's first techno-festival with **1000+ attendees** and organized **7+ technical events** securing **1,00,000 sponsorships**.
