Education

Sardar Patel Institute of Technology

Nov. 2022 – June 2026

Bachelor of Technology in Computer Engineering

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Machine Learning
- Systems Design
- Operating Systems
- Database Management
- Computer Network
- OOPS

Experience

BirlaSoft

June 2024 – August 2024

Software Developer Intern (Certificate)

Mumbai

- **Optimized** Redux store performance by **30%** using **entity adapters** and **custom selectors**, enhancing application state **efficiency** and **scalability** across **10+ components**.
- **Developed** a **file upload system** handling **10+ PDFs/images** per session, integrating **Multer** with **drag-and-drop functionality**, including **validation** and **error handling**.
- Implemented **pagination** and **route optimization** in Node.js and React.js, reducing latency and improving user navigation across **5+ production pages**.
- **Streamlined onboarding** for **3+ new developers** by contributing to **modular architecture** and internal **documentation**, improving team **productivity** and **code maintainability**

Projects

Saarthi-AI driven learning platform | *React.js, Node.js, Langchain, Python, MongoDB*

Ongoing

- Engineered a full-stack AI learning platform using **MERN**, converting **text and slide content into videos** via **Gemini API**, **Python-pptx**, and **Google TTS**, generating content in under **5 seconds**
- Integrated **Langchain** and **YouTube API** to **automate content search** and deliver real-time, AI-powered query resolution, reducing manual effort by **70%**.
- **Deployed a rich text/code editor** using **Quill.js** and **Judge0 API** to support code execution, note-taking, and contextual AI-based coding suggestions, with support for **rate limiting** and mailing.

CivicSphere | *React.js, Flask, MySQL, Twilio API, OpenStreetMap API, OpenWeatherMap API*

March 2025

- **Built a real-time safety platform** using **OpenStreetMap**, **GeoJSON**, **Twilio**, and **MySQL**, enabling users to access **20+ nearby emergency spots** and trigger **automated calls/SMS** to saved contacts in under **5 seconds**.
- **Customized geospatial intelligence** using **OpenWeatherMap**, **Elevation API**, and **Geofencing** to avoid flood-prone areas and detect route deviation for auto-alerting
- **Constructed BazaarRoute+**, a **smart shopping and safety planner** using **OpenRouteService** and **MySQL**, scoring routes by lighting, crowd feedback, and nearby police zones.

FinGPT | *React.js, Python, Flask, XGBoost*

February 2025

- Developed a full-stack AI chatbot using Flask and **Gemini 1.5 Flash LLM** with autonomous agents for credit risk analysis, KYC automation, ESG scoring, and borrower behavior prediction
- Implemented a **credit risk scoring pipeline** using **Tesseract OCR** to extract payment patterns from bills and trained an **XGBoost model** to compute **Credit Risk Score (CRS)**, achieving **over 90% accuracy**.
- **Built real-time KYC and AML verification systems** using **Microsoft Azure Face API** for selfie-to-ID matching and Flask APIs to detect anomalies across **10+ transactions** from image-based bank statements, enhancing fraud detection accuracy.
- Automated **ESG scoring and borrower risk profiling** via **DuckDuckGo + Gemini API**, and **scraped job portals** to extract employment patterns and analyze industry trends through a custom rule-based framework.

Technical Skills

Languages, Database: Java, Python, JavaScript, SQL, MongoDB

Web Technologies: HTML, CSS, React.js, Node.js, Express, Mongoose, Postman, Langchain

DevOps/Tools: GitHub, Docker, Linux, Postman, Figma

Achievements / Extracurricular

- **1st Place – National Entrepreneurship Challenge**, IIT Bombay; led business model development and pitch among 500+ teams.
- **Top 5 – AI Agents in Finance Competition**, organized by **Zetheta Algorithms at SPIT**, for developing intelligent credit scoring solutions using agent-based AI.
- **Creative Head – Virtual Stock Market (VSM)**, led UI/UX design for a gamified trading platform with **100+ participants** as part of the annual technocultural fest at SPIT.
