PROJECTS

Webster - A Business Management and Website Builder Tool

[Github](#)

Developed Webster, a no-code Business Management SaaS platform designed to empower small-scale retailers and service providers to easily create and manage professional websites without requiring technical expertise.

- Built a drag-and-drop interface for designing fully responsive websites with a no-code building experience.
- Role-Based Access Control (RBAC): Granular permission management for business owners, staff, and clients.
- Integrated Business Tools: Built-in Kanban boards, project pipelines, and ticketing systems to manage tasks, track workflows, and handle customer support.
- Integrated AI agents to assist users with deadline reminders, content generation, and onboarding.
- Stripe connect integration to manage subscriptions, products and payments.

Tech Stack: Next.js, Typecript, Tailwind CSS, Supabase(authentication, PostgreSQL database), Agentic AI, Resend, Stripe.

EventOrg - An RSVP and Event Management Website

[Demo](#) [Github](#)

A full-stack web application designed to simplify event organization, RSVP management and participation for users.

- User authentication and authorization for secure access using supabaseAuth.
- Event creation and RSVP management with email notifications powered by Resend.
- Data export functionality to download RSVP details as a .csv file.

Tech Stack: Next.js 15, TypeScript, Tailwind CSS, Supabase(PostgreSQL database, authentication), Resend.

Blog Website

[Demo](#) [Github](#)

A blog website made using the MERN stack enabling users to view, create and edit blog posts. Implemented file uploads to the server and an external text editor integration for text formatting; Jwt based authentication and authorization for editing, commenting on posts.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT.

ACHIEVEMENTS

Winner of the Frontend Odyssey Hackathon 2025 organized by ACSES, Sardar Patel Institute of Technology.

EXTRA-CURRICULAR ACTIVITIES

- **Event Head:** Managed an intra-college football event as a member of the Sports Committee in SPIT. From on-field preparation to off-field tasks, proactively led my team to a successful event.
- **Head of PR:** Proactively managed in bringing numerous registrations and engaging many students across Mumbai for an event 'Techrace' as a part of the college fest.
- **Badminton Player:** Competed at district and school levels.
