Education

Sardar Patel Institute of Technology, Mumbai

2022 - present

Bachelor of Engineering in Computer Engineering

CGPA: 7.84/10

Arihant College of Arts, Commerce and Science

2020 - 2022

Secondary Education

Relevant Coursework

- Data Structure
- Database Management
- Operating System
- Machine Learning
- Data Analytics
- Big Data Analytics

Projects / Case Study

Spatiotemporal Land Cover Analysis – Rome, Italy | *QGIS, Satellite Imagery, Excel*

2025

- Classified satellite imagery of Rome for the years 2015 and 2025 using QGIS based on five land cover parameters: Vegetation, Sea, Land, Built-up, and Soil.
- Generated custom datasets and performed change detection analysis to quantify urban expansion and green cover reduction over the decade.
- Visualized classified land use maps using following algorithms: XGBOOST, Random Forest, Decision Tree, SVM, Gradient Boosting, highlighting key trends in landscape transformation and environmental impact.

Webster: AI Driven Project management and Website Builder | *Next.js, SupaBase, Agentic Ai, Tailwind Css*

2025

- Developed a SaaS business dashboard with tools for managing clients, tasks, and project timelines.
- Built a drag-and-drop website builder enabling easy custom site creation for businesses
- Integrated AI agents to assist users with deadline reminders, content generation, and onboarding.

GymBros | *ReactJS, NodeJS, Express, MongoDB*

2025

- Built a fitness/workout tracker website using MERN stack to display and track workout details and other fitness parameters.
- Added multiple functionalities such as workout and diet suggester based on user input.
- It features an interactive human body diagram where users can click on specific body parts to view targeted workout videos for that muscle group, offering a highly engaging and intuitive fitness experience.

Positions of Responsibility

MUDRA SPIT — Dance Head

2024-2025

Sardar Patel Institute of Technology

Mumbai, India

- **Responsibility:** Led the college's cultural committee, restructured the dance team, and successfully elevated its performance at inter-college competitions.
- **Experience:** Managed and organized numerous college dance events, coordinated inter-college competition participation, and led a team to ensure smooth execution and high student engagement.
- Fostered an inclusive and creative student culture by organizing open mic events and managing various dance performances, including choreography and coordination for college and inter-college showcases.
