Education

Sardar Patel Institute of Technology

B. Tech in Computer Engineering, CGPA: 9.17

2022 – Expected 2026

Mumbai

S. P. Jain Institute of Management and Research

Minor in Management

2023 – Expected 2026

Mumbai

Skills and Technologies

- **Programming Languages:** Java, JavaScript, Python
- **Tools:** Git/GitHub, Figma
- **Databases:** MySQL , MongoDB
- **Frameworks:** Node.js , React, Express
- **Libraries:** TailwindCSS, Redux, DaisyUI , Socket.io

Projects

ObservoAI - API AI Monitoring System (Barclays's Hack-O-Hire 2025 Winner)

GitHub

- Integrated Loki, Prometheus, and Tempo to centralize API metrics, logs, and traces for enhanced observability.
- Implemented root cause analysis capabilities, leveraging traces and logs to pinpoint the source of API failures.
- Created an automated alerting mechanism that notifies users of predicted system failures, providing detailed explanations and actionable recommendations for resolution.

Coursify - Learning Management System

GitHub

- Users can subscribe to paid courses for full access to course materials, while free courses are available without a subscription.
- Integrated live doubt resolution system enabling real-time interaction with experts.
- Displays user statistics and offers extensive management capabilities.

Gatherly

GitHub

- Developed a web application where users can create or join workspaces, manage channels, and collaborate through group chats or direct messages.
- Scalable message handling with Redis queues, improving real-time communication and email notifications.
- Built using the MERN stack (MongoDB, Express.js, React.js, Node.js) with secure user authentication and state management.

Internships

Bluestock Fintech (Frontend Intern)

July 2024 - August 2024

Developed an interactive React-based financial data visualization component, integrating a cash flow projection timeline to enable users to track portfolio performance, transaction trends, and forecast future fund depletion.

Achievements

- **Barclays's Hack-O-Hire 2025 Winner** - Built API Analysis and Monitoring System
- **Airavat(2.0) 2025 1st runner up** - Built Finius a financial advisor, to manage your budget and expenses .
- **Selected for Amazon ML Summer School 2024** - selected among 87000 students
- **Leetcode** - 1964 rating (Knight)
