Education

Sardar Patel Institute of Technology

Aug 2022 – July 2026

B.Tech in Computer Engineering

- CGPA: 9.55 (till sem 5)
- Minors in Management from **SPJIMR**(expected 2025)
- **Coursework:** Data Structures, Algorithms, DBMS, Operating Systems, Computer Networks

SS High School and Junior College

2020 – 2022

H.S.C Science

- 98.61%ile JEE-mains, 15404 rank JEE-Adv
- 89.67% HSC-Maharashtra board

Achievements

- [Codeforces Expert](#) – max rating 1647 (Expert)
- [Codechef 4-Star Programmer](#) – max rating 1818 (4 Stars)
- Winner of IEEE Code-off (held at SPIT)
- ICPC 2024 regionalist (Team name - The Windblown)

Projects

Engineering Assist

[Live Page](#)

- A RAG based application which allows users to query data in uploaded files.
- Designed frontend and a Javascript backend server for this project. Implemented Auth, file/audio uploads and a JAM stack architecture. Made for a college assignment in a team of two.
- GitHub repositories: [Frontend](#) [Backend](#)

Work Experience

Software Development Intern at TexAu

Jan 2025 - Current

- Worked on developing a generalized web scraper that uses LLMs to identify and extract structured data on a given web page using Python, Playwright and NodeJS.
- Explored different ways to avoid bot detection, how to handle different types of websites using a generalized approach, and LLM prompt optimizations.
- Worked on creating a Centralized monitoring system for a SaaS using Loki and Prometheus with Vector as data pipeline and Grafana for vizualizations.
- Features include efficient log storage, metric collection, metrics generation from logs and analytics generation.

Skills

Languages: C++, C, Python, SQL, JavaScript

Technologies: NodeJS, MySQL, MongoDB, Git, Loki, Vector, Docker, Kubernetes

Volunteer Work and Extracurriculars

- Active member of **CoC(Community of Coders) Club SPIT** contributing to mentorship.
- Learning Japanese since August 2023 – Passed **JLPT N5** in July 2024
- **Hobbies** – Travelling, Reading, Playing Video Games
