EDUCATION

Sardar Patel Institute of Technology

Bachelor of Technology in Computer Engineering

CGPA: 9.05/10

2022 – 2026

S.P. Jain Institute of Management and Research

Minors in Management

Ongoing

2024 – 2025

EXPERIENCE

Data Automation Intern

May 2025-July 2025

Russell Investments

- Building **scalable** and **secure backend services** using .NET Core and SQL Server for an enterprise-grade workspace booking system, targeting 1000+ users across four countries.
- Involved in **REST API development**, **database integration**, and optimizing performance for high availability and reliability.
- Developed an automated .NET tool using BackgroundService to **monitor emails**, **parse log files**, and preprocess error data.
- Integrated FuzzySharp for error matching and **automated Excel-based analysis** reporting back to the requester.

Fullstack Development Intern

March 2025-April 2025

Aim4u Software Solutions

- Improved and extended a full-stack web application using **React for frontend enhancements** and **Django REST APIs** for backend feature additions.
- Worked with MySQL to support new functionalities and ensure **seamless data integration** across the application.

PROJECTS

Sociofy | React, Material UI, MongoDB, NodeJS, Flask

[GitHub](#)

- Developed a **social networking platform** with advanced **automated content moderation** to ensure a safe and engaging user environment.
- Utilized **Natural Language Processing** (NLP) techniques to intelligently filter user-generated content, maintaining community guidelines.
- Architected a **Social Score** feature based on toxicity analysis to incentivize positive behavior.

Health Hub | NextJS, NodeJS, MongoDB, Flask, LangChain, ChromaDB, Mistral API

[GitHub](#)

- Developed an **AI chatbot** using **Retrieval-Augmented Generation** (RAG) with Mistral LLM, integrated with PubMed for real-time medical insights.
- Implemented Role based authentication and **Doctor Appointment Booking System**, improving healthcare accessibility.
- Designed a **secure Electronic Health Records (EHR)** system enabling doctors to access patient history.

TECHNICAL SKILLS

Languages: C/C++, SQL, Java, Python

Web Technologies: Node.js, Express.js, React, MongoDB, .NET Core

Coursework: DBMS, Object-Oriented Programming, Operating Systems, Data Structures, Algorithms

Competitive Programming: [CodeChef: 3 Stars \(1668\)](#), [Codeforces: Pupil \(1383\)](#), [LeetCode Rating: 1737](#)

ACHIEVEMENTS AND EXTRACURRICULAR ACTIVITIES

Hackverse 2025: Top 10 teams in Hackverse 2025 Hackathon.

Code Uncode: Finalist in 2024 and 2025 edition of the competitive programming competition, among 1500+ participants.

MHT-CET: Secured **458th Rank** amongst 2,50,000+ exam takers in the MHT-CET 2022 examination.

Reliance Foundation Scholarship Holder: One of the **top 5%** students to receive the Scholarship.

Abhyudaya (Teaching and Volunteering): **Mentored 100+ students** and science and mathematics while volunteering in the initiative by SPJIMR.

Artistic Gymnastics: Won **Gold and Bronze** in Artistic Gymnastics at State Level Gymnastics Meet.
