Education

Sardar Patel Institute of Technology <i>Bachelor of Technology (B.Tech) in Computer Engineering, Mumbai, Maharashtra</i>	Oct 2022 - Jun 2026 CGPA:- 8.0/10
Khar Education Society Junior College of Science <i>HSC Board, Mumbai, Maharashtra</i>	Aug 2020 - Jun 2022 Score:- 73.17%
Gangadhar Govind Patwardhan School <i>SSC Board, Ratnagiri, Maharashtra</i>	Jul 2020 Score:- 97%

Experience

Software Development Intern <i>ARJ Securities Pvt. Ltd.</i>	Jun 2024 – Aug 2024 <i>Nariman Point, Mumbai</i>
- Designed a web scraping application to extract shareholding patterns of Nifty 50 companies, integrating Selenium for automation and Tkinter easy user interaction. - Developed scripts to scrape critical financial data of any company from the NSE website, improving market analysis. - Automated a daily data extraction pipeline to process multiple files, integrating outputs with excel macros to enhance trading strategy analysis.	

Projects

Athenium <i>Selenium, Python, OpenPyXL, Seaborn</i>	Jan 2025
- Created a program to efficiently scrape 40+ historic shareholding patterns, of a specified company, from the NSE website in under 10 minutes. - Enhanced data visualization using Seaborn and built an intuitive CustomTkinter interface, ensuring interactive graphical representations and ease of use for finance professionals. - Implemented batch processing to scrape and update patterns for all Nifty 50 companies, streamlining workflow through automated input handling.	
Multimodal Sign Language to Speech Converter <i>Python, TensorFlow, OpenCV</i>	May 2024
- Designed a sign language translation system using OpenCV and MediaPipe Holistic to extract temporal gesture features such as hand position, posture, and movement. - Trained an LSTM-based sequence model on 300+ vectorized gesture sequences, achieving 87% classification accuracy on test data. - Integrated Gemini API to convert recognized gestures into grammatically correct spoken sentences, enabling real-time natural language output.	

Achievements & Extracurricular

Domain Winner, S.P.I.T. Hackathon: Secured 1st in the Machine Learning category and 5th overall among 55+ teams with a Streamlit-based web application to suggest personalized fashion choices based on user descriptions.

Head of Public Relations, Sardar Patel Consulting Group: Led a team of PR representatives to manage in-class promotional campaigns and collaborated with cross-functional teams to drive institute-wide outreach initiatives.

Volunteer, Anubandha NGO: Supported educational initiatives for children in underprivileged communities in Ratnagiri by facilitating surveys and contributing to long-term community development efforts.

Skills

Languages: Python, Java, C/C++, SQL and HTML/CSS

Frameworks: Selenium, NLTK/NLP, Pandas, OpenCV, spaCy, Streamlit, Matplotlib and PyTorch
