PROJECTS

• **LoanRisk: Evaluates loan risk and explains approval decisions.**

July 2025 (Ongoing)

Tools: [Flask, React, PostgreSQL, XGBoost, SHAP]

- Developed a binary loan risk classifier using XGBoost, achieving high accuracy while maintaining model interpretability with SHAP values.
- Allows credit officers to input applicant data and receive instant risk assessments and explanations.
- Integrated PostgreSQL for storing bank records and enabling query-based audit and traceability.

• **FixMyCity: A platform where you can register and track municipal complaints.**

May 2024

Tools: [MongoDB, Node.js, Next.js, Express.js, Flask, Supabase]

- Created a platform for users to register and track municipal complaints with geolocation by selecting areas on a map.
- Implemented DBSCAN clustering to classify the danger level of complaints using proximity to critical infrastructure such as hospitals and schools.
- Added warning notifications and audio alerts for public hazards nearby, improving community awareness and safety.

• **E-Chunav: A secure online voting application.**

October 2024

Tools: [PostgreSQL, Next.js, Node.js, Express.js, Supabase, Flask]

- Developed a secure, full-stack online voting system with encrypted vote storage and audit logging to ensure vote integrity.
- Implemented advanced user authentication using email verification, two-factor login, OCR-based document verification, and facial recognition.
- Ensured end-to-end data protection by encrypting votes at rest and in transit using modern cryptographic practices.

SKILLS

- **Programming Languages:** Python, Java, Javascript, Typescript, C
- **Web Technologies:** Node.js, Express.js, ReactJS, Bootstrap, Next.js, Flask, HTML, CSS
- **Database Systems:** PostgreSQL, MongoDB, MySQL, Supabase
- **Other Tools & Technologies:** Git, Canva, Figma, Postman, Visual Studio Code, Github

EDUCATION

• **Sardar Patel Institute of Technology**

November 2022 - August 2026

Computer Science and Engineering, Artificial Intelligence and Machine Learning

Mumbai, India

• **Prakash College**

May 2022

Pre-University Education

Mumbai, India

- Grade: 78.2%

ACHIEVEMENTS

- * 99.4 percentile in MHT-CET 2022
- * Secured 25th Rank nationally in LogIQids 2019 Olympiad

EXTRACURRICULAR

- * Participated in Codespree KJSCE
- * Participated in SPIT SE Hackathon
- * Participated in IIIT Bhubaneswar x SPIT Frontend Minithon
- * Participated in Code-It-Out SPIT
