Education

Sardar Patel Institute of Technology
B.Tech in Computer Engineering, CGPA: 8.37

Aug. 2022 – Present
Mumbai, India

RUIA College
Higher Secondary Certificate (HSC), 87.17%

June 2020 – May 2022
Mumbai, India

Mahatma Education Society
Secondary School Certificate (SSC), 88.60%

March 2020
Mumbai, India

Relevant Coursework

- Data Structures
- Algorithm Analysis
- Operating Systems
- Database Management
- Computer Networking
- Cloud Computing
- Blockchain
- Generative AI

Technical Skills

Languages: Java, JavaScript, C, HTML/CSS

Databases: SQL, MongoDB

Frameworks/Tools: Node.js, Spring Boot, Docker, Git, GitHub, Kubernetes

Projects

Insta Hang | *Node.js, Express.js, MongoDB, React*

GitHub Link

- Developed a social platform to connect users based on shared interests and location proximity.
- Implemented JWT-based secure user authentication and protected routes.
- Created ranking logic to prioritize users with matching interests followed by nearby users.
- Stored user profiles, geolocation data, and preferences using MongoDB with optimized queries.

Solutions – eCommerce Website | *React.js, Spring Boot, MySQL*

GitHub Link

- Built a full-stack eCommerce platform featuring category-based filtering and cart/checkout system.
- Implemented JWT-based authentication and built RESTful APIs for managing orders and products.

Paper Hub | *HTML, CSS, JavaScript, Node.js*

GitHub Link

- Created a platform to store and organize university examination papers by department and semester.
- Designed a responsive UI and backend API for paper uploads and structured retrieval.

Achievements

HERE Hackathon 2025 – Top 10 Finalist

Feb. 2025

HERE Technologies & Sardar Patel Institute of Technology

Mumbai, India

- Built a roundabout detection algorithm to enhance road navigation and map accuracy.
- Used satellite imagery and geospatial computation to achieve 95% detection accuracy.
- Worked in a team of 4 and pitched solution to a panel of industry judges.

Certifications

Mastering Data Structures & Algorithms using C and C++

Udemy, 2024

Instructor: Abdul Bari

Online
