EDUCATION

Sardar Patel Institute of Technology, Mumbai
Bachelor of Technology- Computer Science and Engineering

Nov 2022 - Present
CGPA 8.85/10

EXPERIENCE

Research and Development Intern, Toofan Connect

Dec 2024 - Feb 2025

- Developed a **Minimum Viable Product (MVP)**, **Multimodal Retrieval Augmented Generation (RAG) microservice-based API** to automate customer support workflows across diverse business domains.
- Architected a scalable, semantic chunking-based agent suite using **LangChain**, **FAISS**, **MongoDB**, **MistralAI** (captioning), and **Ollama** (local LLMs), enabling large context windows up to 50,000 tokens.
- Optimized query response times by 42%**, with accuracy validated against **150+ question-answer pairs**.

Full Stack Developer, CSE Department Tech Team | website

Mar 2024 - Oct 2024

- Built and deployed the **official departmental website** using **React JS**, **CSS** and **MaterialUI** to craft a responsive and intuitive UI, ensuring seamless navigation and accessibility across devices.
- Developed content management and real-time update features to display departmental notices, timetables, faculty profiles with contact details, student achievements, internship and placement opportunities, and details of workshops and expert talks catering to stakeholder needs and expectations.
- Partnered with a team to implement best coding practices, resulting in a **23% boost in page load times** through iterative feedback.

PROJECTS

AlphaSage, Automated Financial Analysis

Mar 2025 - May 2025

- Developed a **multi-agent** equity research automation pipeline for Indian financial markets, **reducing manual analysis time by 70%** through automated data extraction, transformation, and financial modeling.
- Designed and implemented a scalable data processing framework achieving **90% accuracy** on numerical data across **200+ company filings**, enabling institutional-grade equity research capabilities.

POSITIONS OF RESPONSIBILITY

Project Lead – Behavioral Biometrics System (Course Project)

Mar 2025 - May 2025

- Directed a cross-functional team of **15+ members** in the execution of a 5th semester course project, overseeing role allocation, task coordination, and progress reporting.
- Engineered a behavioral biometrics system utilizing keystroke dynamics to identify and distinguish individuals, achieving over **95% accuracy**.

Training and Placement Coordinator

Aug 2023 - May 2024

- Served as **Training Coordinator** for campus recruitment initiatives; organized mock interviews, aptitude assessments, placement drives, and corporate engagement sessions to enhance student employability.
- Co-founded **Community of Coders** to foster a collaborative programming environment and promote coding culture among students across academic levels.

TECHNICAL SKILLS

Python, Java, C, JavaScript, SQL, HTML, CSS, React.js, Material UI, Node.js, Express.js, Git, GitHub, Postman, Docker, Figma, VS Code, Flask, LangChain, Ollama

ACHIEVEMENTS

- 500 plus** problems on LeetCode, GeeksforGeeks and CodingNinjas.
- Achieved a **rating of 1492** on LeetCode.
- JPMC Innovation Week, 2025**, recognized for Alpha Sage and selected among **top 4 projects across Mumbai**.
- Second Runner Up, Odoo X Mindbend, SVNIT Surat, 2025**, achieved a top 3 position out of **600+ teams** in a prestigious nationwide hackathon.
