## EDUCATION

**Bachelors In Technology**, Sardar Patel Institute Of Technology  
**Pursuing Computer Science and Engineering (Artificial Intelligence and Machine Learning)**

Present | Mumbai

## PROJECTS

**Predictive Customer Response Analytics**, (EDA, ML, Explainable AI) [🔗](#) Dec 2024

- Performed **Exploratory Data Analysis (EDA)** on over **10,000 customer records**, uncovering key behavior trends.
- Implemented a refined **segmentation model** that categorized customers into 5 distinct groups using **feature engineering**, enabling tailored communication strategies and enhanced customer satisfaction.
- Trained classification models like **Logistic Regression**, **Random Forest**, etc and used **Explainable AI**(SHAP/LIME) to explain predictions and key business drivers, achieving 90% prediction accuracy.

**Loan Approval Prediction**, (Python, EDA, ML) [🔗](#) Feb 2025

- Consolidated assets into movable and immovable categories, **reducing dimensionality** while preserving key information to enhance model performance
- Trained **Decision Tree** and **Random Forest Classifiers**, with Decision Tree achieving superior results (91.4%  $R^2$  score vs. 89.4%), supported by precision, recall, and F1-scores (0.97-0.98) and distribution plots.
- Identified **critical loan approval factors**, including higher CIBIL scores, fewer dependents, greater asset values, and optimal loan amount/tenure combinations, driving actionable insights

**Game Sales Analysis Dashboard**, (MS Excel) [🔗](#) Aug 2024

- Analyzed global video game sales data in **Excel** using functions like **VLOOKUP**, **INDEX-MATCH**, **IF**, **SUMIFS**, **COUNTIFS**, and **PivotTables**.
- Created dynamic reports and charts to identify top-selling genres, platform-wise sales trends, and regional performance insights.

**AI-driven Portfolio Management, Risk Analysis**, (React.js, Node.js) [🔗](#) Apr 2025

- Developed a full-stack analytics tool with **Python**, React.js, integrating **Zerodha's kiteConnect API**, **Apache Kafka**, and **TimescaleDB** for real-time financial data streaming and storage.
- Built interactive dashboards with **Plotly** and **Tailwind CSS**, and scalable backend services to enable time-series data visualization and insights.
- Applied **intelligent automation** techniques to support data-driven decision-making and enhance user experience.

## TECHNICAL SKILLS

**Technologies:** C, Java, Python Basics MySQL, PostgreSQL, MongoDB, Firebase

**Web Technologies:** HTML, CSS, React.js, Tailwind, Bootstrap, React-native, Node.js, Express.js, REST APIs

**Tools:** Microsoft Office, Google Workspace, Tableau, Power BI, VSCode, Figma, Postman, SQL WorkBench, Git, GitHub,

**Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Plotly, Sci-kit, OpenCV, HuggingFace Transformers

## POSITIONS OF RESPONSIBILITY

**Managing Editor, SPark SPIT** 2024 – 2025

- Led end-to-end creation of SPIT Annual and NAAC Reports (2023–24, 2024–25) with a focus on structure and institutional data, reaching 500+ institutional stakeholders.
- Coordinated a team of 30 members for Oculus-OpenMic, managing operations for 200+ attendees.

**Executive Head, Aelaan-E-Jung (Oculus SPIT)** Feb 2024 – Mar 2024

- Directed planning and on-ground execution of an inter-college dance competition with 100+ attendees and 15+ teams.
- Coordinated cross-teams of 20+ members to ensure smooth event flow and audience engagement.

**Community Lead, CSI SPIT** 2023 – 2024

- Headed technical planning for *CommunityOfCodersSPIT* initiatives, organizing workshops for 200+ participants.
- Organized CSI-SPIT *Hackathon 2022* and led EmpowerHer *Hackathon @WIESPIT* logistics, achieving 20% higher participation than prior years.

## ACHIEVEMENTS

**S.P.I.T Hackathon, SPIT, Runner-Up**

- Secured **2nd place** among **150+ teams** across India for developing an AI-driven cyclist safety website.

**Analytics Ace, ISBM Pune, Winner**

- Stood **1st** in a data analytics case study among **250+ nationwide teams**, proposing a data-driven business strategy for **CaneBot** by analysing and predicting its product sales in Tier 1 and Tier 2 cities.

**BizzNeeti, ISBM Pune, Runner-Up**

- Among **150+ teams** from all over India, secured **2nd place** in a business case study **enhancing ROI Strategy** for a food-based startup by proposing solutions to marketing and customer retention cases.
