Education

Sardar Patel Institute of Technology

BTech in Computer Science and Engineering (AIML Specialization) CGPA: 8.35

2022 – 2026

Mumbai, India

SPJIMR

Minor in Management

2023 – present

Mumbai, India

Experience

Zeel InfoTech

Software Developer Intern

Jun 2024 – Jul 2024

Mumbai, India

- Mastered **Borland Delphi 5** and **PL/SQL** through intensive training, enabling development of data-driven financial applications.
- Engineered a memo system with **Master Module** (Item Master: item code, name, quantity, price; Party Master: client details) and **Transaction Module** (Sales and Purchase Invoices), managing over 500 transactions.
- Designed PDF-based financial reports with print functionality.
- Streamlined database queries and workflows, scaling data management for 1,000+ transactional records.

Infinity X-FTC

Field Set and Reset Coordinator

Jan 2024

Panaji, India

- Orchestrated setup and maintenance of competition fields for **First Tech Challenge (FTC)** robotics event, collaborating with stakeholders to meet global standards during the event with 200+ participants.
- Directed a **team of 15 volunteers**, ensuring all training and inspections were completed on schedule without delays.
- Devised strategic solutions for technical and logistical challenges and elevating stakeholder satisfaction.

Projects

Quant Folio: AI-Driven Portfolio Management Platform | Python, Machine Learning, Financial Modeling

- Constructed a swing trading strategy using a 3-layer **LSTM** neural network, trained on **16,000 data** points across **10 equities**, integrating **SMA, EMA, RSI, MACD, Bollinger Bands**, and pattern analysis.
- Formulated buy/sell signal logic with 4 technical thresholds (e.g., $RSI < 50$, $MACD > 0$), optimizing trading decisions for **7-day hold periods**.
- Achieved **100% in buy/sell/hold signals for 10 equities**, with **price deviations of 4–9%** and **RMSE of 16.2–35.4**, enabling reliable financial forecasts.
- Leveraged quantitative models to validate signals, driving data-informed investment strategies across volatile markets.

Certifications

- JP Morgan Virtual Banking Internship**, Forage 2025
- Accounting Fundamentals, Reading Financial Statements**, Corporate Finance Institute (CFI) 2025
- The Complete Investment Banking**, Udemy 2025

Technical Skills

Languages: Python, SQL (MySQL, PL/SQL), C, C++, HTML/CSS, Borland Delphi 5

Tools: Excel, Tableau, Borland Delphi 5

Skills: Financial Modeling, Data Analysis, Valuations

Python Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow/PyTorch, Tkinter, Flask, Selenium, BeautifulSoup

Achievements

- Earned **2nd Place in Case Buster Competition**. 2025
- Earned **2nd Place in Wall Street 101 Stock Market Competition**. 2025

Leadership

Rotaract Club of S.P.I.T

President

2024 – June 2025

Mumbai, India

- Led a team of **155 members** in driving impactful community initiatives.
- Organized **10+ impactful events**, introducing innovative initiatives to enhance community engagement.
- Increased RC SPIT visibility in District 3141 through active participation in district events.
