Objective

Aspiring software engineer seeking to leverage strong problem-solving skills and a passion for coding to contribute to innovative software solutions.

Education

Sardar Patel Institute of Technology, Mumbai

Nov. 2022 - Present

Bachelor of Technology in Computer Science and Engineering (Data Science)

CGPA: 6.85/10

Experience

Nanostuffs

Jun 2024 – July 2024

FrontEnd Developer Intern

Pune, Maharashtra

- Developed a web application using React for managing group expenses, enabling bill splitting and session tracking.
- Developed a Currency Converter app with realtime API integration and JS DOM handling.
- During the training session, built Netflix clone using HTML and CSS.

Projects

SplitMate | *ReactJs, Bootstrap, Firebase*

July 2024

- Built an expense splitting website with group management and session storage.
- Enabled secure Login and real time features via firebase.

Trifecta Muse | *ReactJS, Django(Rest API), React Router, Firebase*

December 2024

- Built a responsive e-commerce clothing website using React, featuring product listings, user authentication, and a shopping cart.
- Integrated a chatbot to assist users with product-related queries and navigation, improving user engagement and support.
- Applied modern web development practices including component-based architecture, responsive design, and Git for version control.

SmartKisan | *ReactJs, NodeJs, MongoDB, Firebase*

Ongoing

- Developing an AI-based solution for diagnosing crop diseases and pests using multi-modal inputs such as text, speech, and images, ensuring high classification accuracy with ML and DL techniques.
- Building an intuitive and accessible interface with multilingual and voice-based support, tailored for farmers with limited technical skills
- Enabled real-time feedback and decision-making by integrating NLP and Speech-to-Text tools, offering actionable insights like pesticide recommendations and preventive measures.

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, Git, Figma, Canva, Postman

Technologies/Frameworks: ReactJs, FireBase, GitHub, TailwindCSS, Bootstrap

Leadership / Extracurricular

Association of CSE Students(ACSES), SPIT

Aug 2024 -Present

Head Of Events

Mumbai

- Organised coding Competitions, Workshops and ACSES Hackathon
- Managed Treks and Other events for about 100+ participants.
