Education

Bachelor of Technology in Computer Science (Data Science)

Nov 2022 – Present

Sardar Patel Institute of Technology

C.G.P.A. - 9.46

Minors in Management

Nov 2022 – Present

SP Jain Institute of Management

Higher Secondary School Certificate

2022

Vidyanidhi Junior College of Science

88.67%

Secondary School Certificate

2020

Chatrabhuj Narsee Memorial School

98.2%

Technical Skills

Languages: C, C++, Python, Java, JavaScript, SQL

Developer Tools & Frameworks: React.js, Node.js, Express.js, MongoDB, Flask, Git

DevOps & Platforms: Docker, Docker Compose, HAProxy, AWS

Work Experience

vRemember Technologies

Dec 2024 – Jan 2025

Software Intern

- Worked on **frontend development** of a website, integrating with APIs to fetch and present data dynamically.
- Designed and implemented intuitive UI components to enhance user experience.
- Conducted comprehensive **website testing** to identify and resolve bugs.

Projects

AI-Powered Content Creation Platform | *React.js, Node.js, WebSockets, Quill, Google Gemini API, MongoDB* [github](#)

- Built a collaborative text editor with real-time editing using WebSockets and Quill, supporting formatting, image embedding, and headings.
- Integrated AI features like suggestions, sentiment/poetic/script analysis, text-to-image, and speech-to-text.
- Integrated auto-save every 30s with version history, rollback and enabled document sharing via email and PDF export.

Distributed E-commerce Platform | *React.js, Node.js, Express.js, MongoDB, RabbitMQ, Docker, HAProxy*

[github](#)

- Created scalable e-commerce app with React frontend and HAProxy-balanced distributed backend.
- Used RabbitMQ for logging via decoupled log service and separate DBs for app and logs.
- Added analytics dashboard for managers and containerized via Docker Compose for efficient deployment.

EventVista | *React.js, Node.js, Express.js, MongoDB, JWT*

[github](#)

- Built event discovery platform with advanced filtering options for improved event discovery, event map to display nearby events, JWT authentication for secure user authorization, and profile/event management.
- Enabled dynamic event posting, rating system, and profile editing with live rating updates.

Extracurricular

Competitions

- **National Changemaker Esummit 2023:** Proposed an innovative solution for the NGO 'Goonj,' which won first place in a national level case study competition.
- **Odyssey S.P.I.T. Hackathon:** Won in a track among 300+ participants for building Sports Pro, a sports platform with turf booking, equipment purchases, and latest sports news.
- **SE Hackathon 2024:** Top 12 Finalist — Created a recommendation system for clothing and accessories with matching outfit suggestions.
- **Code-It-Out (Coding / DSA Competition):** Top 10 finalist among 100+ participants in a DSA-focused coding contest.

Position of Responsibility

- **Head of Operations, Oculus:** Led a team of 40 members to organize the annual college fest.
- **Captain, S.P.I.T. Football Team:** Represented and led the team across inter-college tournaments.
- **Finance Head, Esports (Oculus):** Oversaw budgeting and resource allocation.
