🔗 Code Profile

Education

Sardar Patel Institute Of Technology, Mumbai

Bachelor of Technology in Computer Science and Engineering (Data Science)

Nov. 2022 – Present

CGPA :- 8.13/10

Matoshree Education Society Junior College, Nashik

Higher Secondary Certificate

2022

87.67%

Ashoka Universal School, Nashik

Indian Certificate of Secondary Education

2020

96.80%

Work Experience

Front End Developer Intern - Nanostuffs

June 2024 – July 2024

- **Developed a Money Splitting Web App** using **React.js**, enabling users to track and divide expenses in real-time with dynamic form handling and state management. Added offline support using **localStorage**, making it functional without a backend during internal testing.
- **Created a responsive Currency Converter** using **JavaScript** and integrated **REST APIs** to support **100+ currencies**, offering accurate real-time exchange rates and a minimal, intuitive UI.

Projects

Interview Simulator | *React.js, Firebase, Gemini API, Tailwind CSS* [GitHub]

March 2025

- Built a GenAI-powered interview platform using **Gemini API** to generate real-time, domain-specific questions tailored to user resumes. Integrated **Firebase Authentication** (Google + Email/Password) to manage secure user sessions.
- Parsed uploaded resumes using **PyPDF2** and evaluated them against job descriptions for personalized interview flows. Also implemented an **ATS Score Calculator** with Gemini to assess resume compatibility with job roles.

FreelanceHub | *React.js, Tailwind CSS, React Router, Firebase* [Live Website]

January 2025

- Developed a freelancing platform with **modular dashboards** and job boards, enabling smooth interaction between clients and freelancers. Used **React Router** for intuitive navigation across multiple routes like Projects, Profile, etc.
- Employed **Tailwind CSS** for fully responsive UI across all devices. Handled state and routing with **React Hooks**, and deployed via **Firebase Hosting**.

Pawsome | *Flutter, Firebase, Figma* [GitHub]

April 2024

- Led a **4-member team** in a 24-hour hackathon to build a mobile app that connects pet owners through a swipe-based playdate feature (like Tinder for pets). Integrated **Firestore** for storing profiles and match data.
- Designed a smooth and accessible interface using **Figma**, and implemented **vet appointment scheduling**, improving usability and feature reach.

Technical Skills

Languages: Java, Python, JavaScript (ES6), C, SQL, HTML, CSS

Frameworks & Libraries: React.js, Tailwind CSS, Flutter (basic)

Databases & Cloud: Firebase (Auth, Firestore), MySQL

Tools: Git, GitHub, Postman, VS Code, Figma, Canva

Additional Skills: Responsive UI Design, Agile Development Methodology, UI/UX Principles

Achievements

- **Winner** – CaseBuster by IETE, selected among **300+ participants** in a national-level case competition
- **First Runner-up** – Eco-Lution by Goa Institute of Management, an international case competition
- **Semi-Finalist** – IDFC First Bank's Fame 4.0, selected from **1000+ entries** in a national innovation challenge
- **Winner** – NeXus 3.0 by BIT Sindri, a national frontend hackathon with **200+ developers**
- **Finalists** - S.E. Hackathon, S.P.I.T for developing the Pawsome app in **24 hours**.

Positions Of Responsibility

Association of CSE Students - SPIT

Vice-Chairperson

Aug 2024 – Present

Mumbai

- Managed techno-cultural events like coding contests, workshops, and hackathons.
- Led budgeting and execution of flagship events like hackathons and E-Sports, managing budget exceeding Rs. 35000.
