

EDUCATION

Sardar Patel Institute of Technology

Bachelor of Technology in Electronics and Telecommunication — **CGPA - 8.0**

Andheri, India

2023-2026

Vivekanand Education Society's Polytechnic

Chembur, India

Diploma in Electrical Engineering — **First Class - 88.56**

2020-2023

Meridian School

Kalyan, India

ICSE — **Top 10 - 92.17**

2010-2020

WORK EXPERIENCE

ZeTheta Algorithms Private Limited

Investment Analyst Intern

Nov 2024 - Jan 2025

- Built personalized **virtual portfolios** using **asset allocation** principles based on client **risk profiles** and **investment goals**.
- Created **pitch decks** to explain **equity**, **debt**, and **alternative investment** options to clients.
- Conducted **risk profiling** and applied **modern portfolio theory**, **behavioral finance**, and **rebalancing strategies**.
- Gained hands-on exposure to **equity valuation**, **debt markets**, and **alternative assets** through structured coursework.
- Completed a **capstone project** covering full **investment planning lifecycle** and **client reporting**.

PROJECTS

SwiftClaim – Blockchain-Powered Insurance Claim Automation

Developer

March, 2025

- SaaS platform for policyholders to **automate claim settlements** using **blockchain**.
- Deployed **Solidity** smart contracts via **Hardhat** for secure, transparent claim processing; integrated **UPI** for real-time payouts.
- Developed using **React** (frontend), **Node.js** (backend), and **ABDM APIs** to fetch verified hospital records for instant validation.

RestORoute – Restaurant Recommendation System

Developer

Feb 2025 – Apr 2025

- Developed a location-based restaurant recommender with dietary filters using **React.js**, **FastAPI**, and **Elasticsearch**.
- Integrated **HERE Maps** for routing and **Speech Recognition API** for voice-based search.
- Enabled real-time filtering by diet, hygiene, and proximity with optimized **Elasticsearch** queries.

POSITION OF RESPONSIBILITY

Women in Engineering-IEEE SPIT

Chairperson

2024–2025

- Spearheaded **Women's Week 2025**, impacting **500+ students** through hackathons, health sessions, cultural events, and technical workshops.
- Led women's health and empowerment initiatives across **10+ events**, including a large-scale hygiene drive, awareness seminars, and impactful social campaigns.
- Managed** a team of **25+ members**, overseeing event planning, logistics, and **stakeholder coordination**.
- Handled budgeting** and **financial oversight** for **5+ major events**, managing funds worth **INR 50K+** with accurate **expense tracking** and timely reporting.
- Liaised** with **sponsors** and institutional **finance teams** to ensure smooth **fund approvals**, **reimbursements**, and audit readiness.

SKILLS

- Data Engineering** - SQL, MySQL, MongoDB
- Programming languages** - Java, HTML, CSS, C++, Python, Assembly (ALP), Javascript
- Development Tools** - Git, GitHub, VS Code, IntelliJ
- Design & Simulation Tools** - MATLAB, AutoCAD, SolidWorks, Proteus 8, MS Office Suite

ACHIEVEMENTS

AlgoForge Hackathon

1st Winner

March 2025

- Built "SwiftClaim," **Blockchain-powered health insurance claim automation** platform.

Here Technologies Hackathon

Finalist

May 2025

- 7th** out of 200+ participants in a company-hosted hackathon by **Here Technologies** conducted at SPIT.

Sphurthi

Player of the Tournament

May 2023

- For **top performance** across multiple indoor and outdoor sports in Annual Sports Event of VES Polytechnic.

VES Polytechnic

Academic Excellence Award

2020–2023

- Consistently ranked 1st in department across all three years of Diploma at VES Polytechnic.
