SUMMARY

Data Analyst and GenAI Creator with strong foundations in data quality validation, Python-based automation, and AI-driven visual content production. Experienced in managing high-performing YouTube channels (2M+ subs), creating AI-animated videos, and building tools for data profiling and consistency checking. Adept at combining analytical thinking with creativity, and passionate about delivering accurate, scalable, and impactful digital solutions across tech and media platforms.

WORK EXPERIENCE

Digital Solutions Specialist – Diginfoexpert Remote | Jul 2023 – Oct 2023

- Designed and optimized websites for UX, SEO, and content accuracy.
- Collaborated with marketing teams and used data insights to drive content decisions.
- Applied testing mindset to improve brand consistency and performance.
- Received a Letter of Recommendation for high-quality delivery and leadership.

Digital Marketing Intern – Shavsi Media Remote | Jul 2022 – Nov 2022

- Handled performance tracking of campaigns using Excel-based dashboards.
- Assisted in designing visuals and tracking metrics to optimize engagement.
- Learned foundations of data storytelling and analytics.

President – Artiste Club VIPS Delhi | Nov 2022 – May 2023

- Conducted online sessions for 300+ students on video editing, digital marketing, and design.
- Managed content pipeline and delivery via YouTube Live.
- Built a structured curriculum and led peer teams, enhancing presentation and training workflows.
- Channel Name - Artiste Vips

PROJECTS

AutoDQ: Automated Data Quality Validator for CSV Datasets Python, Pandas, Streamlit | Feb 2025

- Designed and developed an automated tool to scan datasets for missing values, duplicate records, and invalid formats.
- Implemented schema validation, column-wise profiling, and downloadable issue reports.
- Simulated ESG-style use cases to demonstrate real-world corporate data governance application.

PromptPilot: AI Prompt Optimization Assist

- Created a web-based tool to help creators optimize, test, and refine prompts for AI tools like ChatGPT and MidJourney.
- Included side-by-side output comparison, prompt scoring, and reuse history.
- Aimed at improving consistency, creativity, and time-efficiency in Gen AI workflows.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026

Sardar Patel Institute of Technology, Mumbai

Bachelor of Computer Applications (BCA) 2021 – 2024 | 8.13 CGPA

Vivekananda Institute of Professional Studies
