PROFESSIONAL EXPERIENCE

Swara Diagnostics (*Product & Digital Strategy Consultant, Tech Support*)

Jan 2022 - Present

Social & Digital Media Management | Technical Support | Growth & NGO Collaboration

- Developed and launch of a full-featured diagnostic website, leading local teams to ensure seamless product delivery and technical operations.
- Managed daily digital Ad operations, poster design, video editing, and campaign execution to increase brand engagement and online visibility.
- Drove strategic partnerships with a US-based NGO, bridging collaboration between the diagnostic center and underserved rural areas in Maharashtra.

Content Kings (*Founder*)

Aug 2021 - Nov 2023

Digital Product Strategy | WordPress | SEO | YouTube Growth | Remote Team Leadership

- Founded and scaled Content Kings, a content-focused startup delivering high-performing digital platforms through SEO-optimized blogs and multimedia content.
- Built and managed a remote team of 8 interns and freelancers (via Internshala & freelance platforms) to execute cross-functional tasks — from video editing and blog writing to SEO and publishing.
- Grew a WordPress-based television news website to 1.7K+ daily article views by leveraging SEO (using MOZ), Google Analytics insights, and content strategy.
- Edited and optimized 700+ YouTube videos using Adobe Premiere Pro, while supporting script development and thumbnail/poster design via Canva, contributing to audience growth and retention.
- Used Google Analytics and Excel-based dashboards to track user behavior, engagement trends, and SEO KPIs, driving iterative improvements in content planning.

TECHNICAL AND SOFT SKILLS

Front End: React.js, Bootstrap

Back End: Node.js, Express.js, MySQL, MongoDB

Programming Languages: Python, SQL

Skilled in: Wordpress, Power BI, Canva, Adobe Premire Pro, Google SEO, Digital Marketing, Social Media Management.
