Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
Master of Computer Application	S.P.I.T., Mumbai	9.43 CGPA	2026
Bachelor of Computer Application	Savitribai Phule Pune University, Pune	8.57 CGPA	2024
HSC (XII)	Abasaheb Garware College of Science, Pune	88.0%	2021
ICSE (X)	DSK School, Pune	91.0%	2019

Skills

Core Concepts: Data Structures, Database Management Systems, Object-Oriented Programming, Operating Systems

Programming Languages: Java, Python, C, C++, Visual Basic, .NET

Frontend and Backend: Spring, Spring Boot, Servlets, JSP, JDBC, ReactJS, JavaScript, Tailwind CSS, Bootstrap

Other Skills: MySQL, PostgreSQL, MongoDB, Git, GitHub, Maven, Robotic Process Automation, BeautifulSoup, Excel

Projects

IntervuLog | Java Spring Boot, PostgreSQL, Spring Security, Supabase, Render

[Link](#)

- Engineered a full-stack interview exp platform adopted by 220+ students to publish and navigate verified experiences.
- Implemented Spring Security RBAC, content gating, mitigating spam, achieving 100% unauthorized access prevention.
- Enhanced query filtering with 10+ criteria using JPA Specifications, resulting in 3× faster load times and improved UX.
- Provisioned seamless deployment on Render with GitHub triggers to enable smooth, zero-downtime production deploys.

INDStocks | PyPI Package, Python, BeautifulSoup, Requests

[Link](#)

- Released an open-source Python package enabling developers and traders to explore Indian stock market data in-depth.
- Achieved 149+ downloads on launch day; scaled to 650+ lifetime installs with 10+ average daily downloads on PyPI.
- Unified the scraped raw data from 3 trusted financial web sources to extract real-time and historical financial data.
- Delivered live stock prices, news, and financials for top 500 companies, supporting 1,500+ listed stock market scripts.

QuickInvoice | Spring Boot, React, MongoDB, Clerk Auth

[Link](#)

- Built full-stack invoicing platform with 5 customizable templates, previews, email delivery system and PDF generation.
- Used MongoDB for scalable invoice and user data storage; connected Cloudinary for image hosting management.
- Developed modular React components with Context API; optimized API communication using Axios & React Hot Toast.

Experience

LedgerLynx (Freelancing) | Java Spring Boot, Apache POI, Thymeleaf

Hybrid | *Apr 2024 – Jun 2024*

- Developed a Spring Boot web app for a CA firm, reducing the reconciliation time from 5+ hours to minutes per client.
- Automated ingestion and processing of two Excel datasets (sales/purchase and bank transactions) using Apache POI.
- Created the logic to detect mismatches across client records, helping auditors identify financial discrepancies faster.
- Increased internal audit efficiency by over 50% and improved compliance reporting with an automated reconciliation.

Positions of Responsibility

• **Lead Organizer – World Cubing Association**

May 2019 – Present

- Directed and hosted 10+ international speedcubing competitions with 300–1,000+ participants across multiple cities.
- Negotiated and secured sponsorship deals worth 5L+ from top-tier cube manufacturers, venues and logistics partners.

• **Head of Events – ACSES S.P.I.T.**

Sept 2024 – Present

- Oversaw end-to-end planning and execution of 4+ hackathons and coding contests with 300+ student participants.
- Facilitated smooth collaboration among 30+ team members, aligning goals and timelines for seamless event execution.

Achievements & Hobbies

- Former National Record #20 – Rubik's Clock:** Top 20 out of 1000+ participants from all over India.
- MAH-CET – 99.69%ile:** Among the top scorers in the state-level MCA entrance examination.
