EDUCATION

Sardar Patel Institute of Technology

2024 – Present

*Master of Computer Application (MCA) - **Currently Pursuing***

N. G. Acharya Marathe College of Arts, Commerce and Science

2020 – 2023

*B. Sc Computer Science - **CGPA - 8.88***

Annasheab Vartak College

2018 – 2020

*HSC - Science(PCMB) - **Percentage - 63.54%***

PROJECTS

NeuraLife [↗](#)

Feb 2025 – Present

- **Work-in-progress Android platform** for mental healthcare, built as a team of three, focused on personalized therapy and patient engagement.
- Led data acquisition and preprocessing efforts to transform transcribed consultations into a structured dataset for **tone and mood analysis**, enabling **personalized recommendations**.
- Supports features like **automated session summaries**, progress dashboards, and gamified user motivation (streaks, milestones).

Product Recommendation System [↗](#)

Apr 2025 – Jul 2025

- Built an end-to-end product recommendation system using **Flask, Python**, and **SVD-based collaborative filtering** with real-time click tracking and category preferences.
- Trained a **Random Forest classifier** using **customer-product interaction features** to predict purchase likelihood with over 85% F1-score.
- Designed REST APIs for personalized recommendations, login, search, and preference updates; supported through dynamic data visualization and logging.

Stud Locker [↗](#)

Jul 2022 – Oct 2022

- Developed a secure document storage web app for students using JSP and MySQL, allowing uploads and management of personal academic files.
- Implemented user authentication and secure download links for verified access.
- Designed a clean, responsive interface ensuring accessibility across desktop and mobile browsers.

TECHNICAL SKILLS

Languages: Python, C++, Java, JavaScript, SQL.

Developer Tools: VS Code, Git, Wireshark, Nmap, FTK Imager, Autopsy.

Technologies/Frameworks: Linux, ReactJS, NodeJS, Power BI, Tableau.
