Education

Master of Computer Applications (9.33 CGPA) Sardar Patel Institute of Technology, Mumbai	Aug 2024 – Present
Bachelor of Science (66.4%) St John's College, Agra	Aug 2020 – May 2023
Higher Secondary (81.4%) St Joseph's School, Chandauli	June 2017 – July 2019
Secondary School (10 CGPA) St Joseph's School, Chandauli	June 2015 – July 2017

Projects

StudySutra: An E-Learning Platform (MERN Stack)	Github
- Developed a scalable MERN-based e-learning platform with secure JWT authentication and Razorpay payment integration, enabling seamless course enrollment and improving user trust in transactions. - Implemented an automated password recovery system using Nodemailer, reducing account recovery time and enhancing overall platform security. - Implemented advanced React features with Redux and Tailwind CSS. Used Cloudinary for file storage and retrieval	
Plasma Donor Finder (MERN Stack)	Github
- Built real-time donor matching with blood group compatibility and GPS-based search - Developed secure chat system using Socket.io and responsive UI with React.js, Tailwind CSS - Implemented JWT authentication and MongoDB for role-based dashboards and donation tracking	
KrishiSarathi: A Multimodal Crop Recommendation System (Machine Learning)	Github
- Built a stacked model (Optuna-tuned LightGBM + CatBoost + Logistic Regression) with 99.84% accuracy, surpassing IEEE benchmarks. - Built a secondary model (LASSO + ACO + Random Forest) delivering 99.55% accuracy with hybrid metaheuristic feature selection. - Developed an interactive Streamlit UI for real-time crop type prediction from user inputs.	

Skills

Programming Languages: Java, JavaScript, SQL
Web Technologies: ReactJS, Node.js, HTML, CSS, Tailwind
Databases: MySQL, MongoDB
Tools: Visual Studio Code, Postman, IntelliJIDEA, Git

Work Experience

Educational Content Creator (Infinity Learn)	June 2023 – Sept 2023
- Created video solutions and simplified complex math topics (grades 10-12) - Enhanced student learning through engaging, targeted video content.	

Achievements

- Secured AIR-46 in MAH MCA-CET entrance examination.
- Solved 150 Data Structures and Algorithms problems on Leetcode and Codechef

Volunteer Work

- Served as Point of Contact for Alumni and Mentors program at S.P.I.T
- Mentored school students (10th and 12th standard) in Mathematics
